CHOICE DELPHINIUM SEED

NEW HYBRID DELPHINIUMS

We are offering to the trade what we think is the finest Delphinium Seed to be had. This seed was personally selected by us last summer from the best New Hybrid Delphiniums in Europe. Flowers are large single and double, in fact in all the shades and blooming stems from three to five and six feet tall filled to the ground with the finest of flowers.

The blocks where we got these seed there were no blight nor disease of any kind and by using equal parts of Lime and Sulphur to dust your plants with every few weeks you can do away with the greater part of your troubles in this country in the way of blights and other diseases.

Order a large packet of this seed and if you do not think it is the best dollar's worth of seed you ever bought let us know and we will refund your money. The seed was selected from only the best blooming plants. Large size packet \$1.00, three packets for \$2.50. A packet contains more than a thousand seed.
